ReportLens / Merged comparison

BEFORE: before.pdf
PDF input

AFTER: after.pdf
PDF input

+12 added words / -10 removed words / 3 changed page pairs

~~Removed text~~ and added text appear together. Unchanged text appears once.

Reading copy: prose is reflowed; source pagination and styling are not retained. Complete visual regions appear below in old/new order when changed. Uncertain boundaries use complete pages; unsupported glyphs retain original line images. Use Before/After in the viewer, or --pdf-layout pages, to inspect original layout changes.

FIELD NOTES / PUBLIC DEMONSTRATION

A small garden, measured.

The study follows ~~four~~ six raised beds over ~~six~~ eight weeks.

We record soil moisture before watering each morning.

The ~~initial~~ revised method ~~uses~~ includes a ~~single~~ weekly calibration ~~at~~ ~~setup.~~ check.

These invented observations demonstrate a report comparison.

METHOD / FIGURE 1

From reading to record.

BEFORE / removed - complete visual region - before page 2

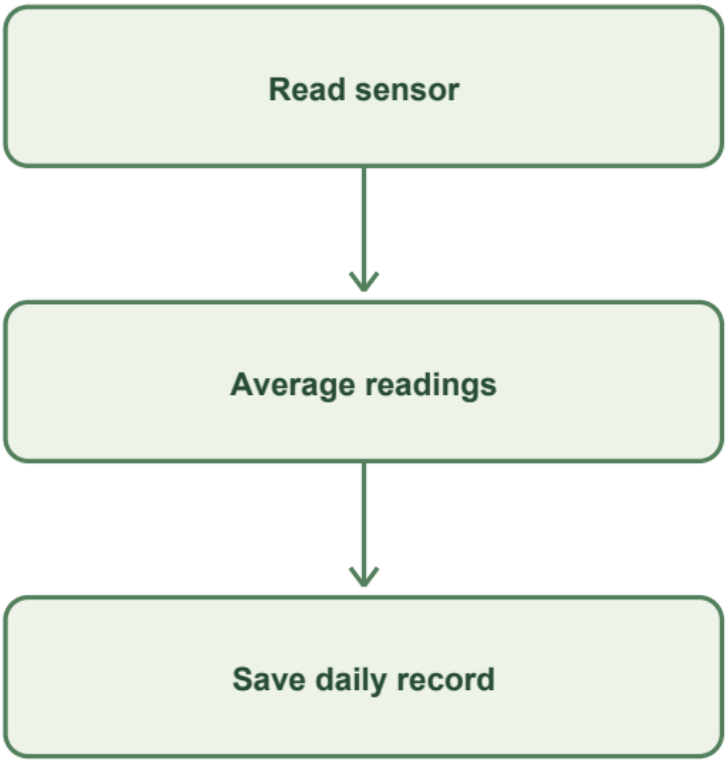

Figure 1. Complete daily measurement workflow.

AFTER / added - complete visual region - after page 2

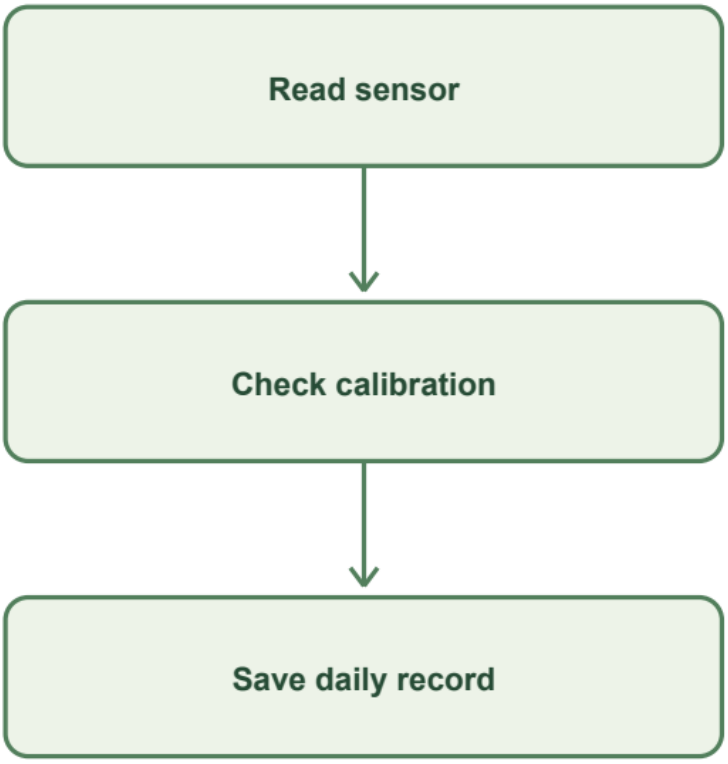

Figure 1. Complete daily measurement workflow.

OBSERVATIONS / TABLE 1

A week at a glance.

BEFORE / removed - complete visual region - before page 3

Table 1. Invented measurements for demonstration only.

Bed	Mean moisture	Observations
A	38%	7
B	43%	7
C	39%	7

AFTER / added - complete visual region - after page 3

Table 1. Invented measurements for demonstration only.

Bed	Mean moisture	Observations
A	41%	7
B	43%	7
C	39%	7
D	42%	7
